

HAND of the North Bay

Helping After Neonatal Death

www.HANDsupport.org

HAND of the North Bay is a chapter of HAND of the Peninsula. We are a grief support group for parents who have experienced the death of a baby through:

- miscarriage
- stillbirth
- a pregnancy that was wanted, but interrupted, after prenatal diagnosis or for maternal health
- premature birth
- SIDS
- death in the first year of life

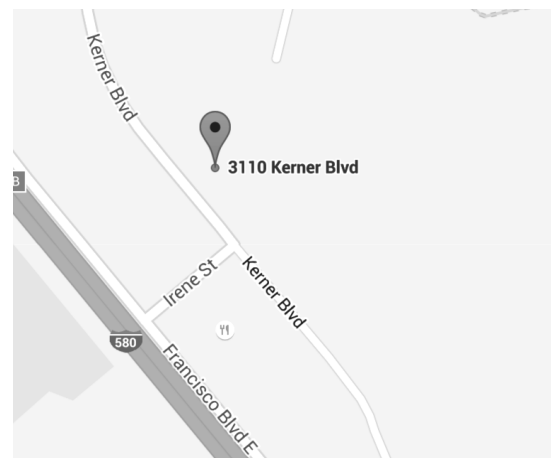

Many parents feel overwhelmed and confused by this devastating loss. It can help to talk with others who understand and share a similar loss. Our goal is for parents to support other parents in a safe place. Bereaved parents are able to share experiences, feelings, and assist one another through the grieving process. Parents, their adult family members and friends are welcome. This is a free support group.

**For support and more information please call
HAND of the Peninsula at 650-367-6993
